EQUALITY  
RESPECT  
PEACE

## *Day of Peace*

The day Humanity rests from being right and receives Better instead. Right and wrong divide while better combines. Equality is the essence of respect & Better the essence of Hope. Treat All People equal to yourself and even better when you can

### **Contemplating Peace.**

Your considerations please.

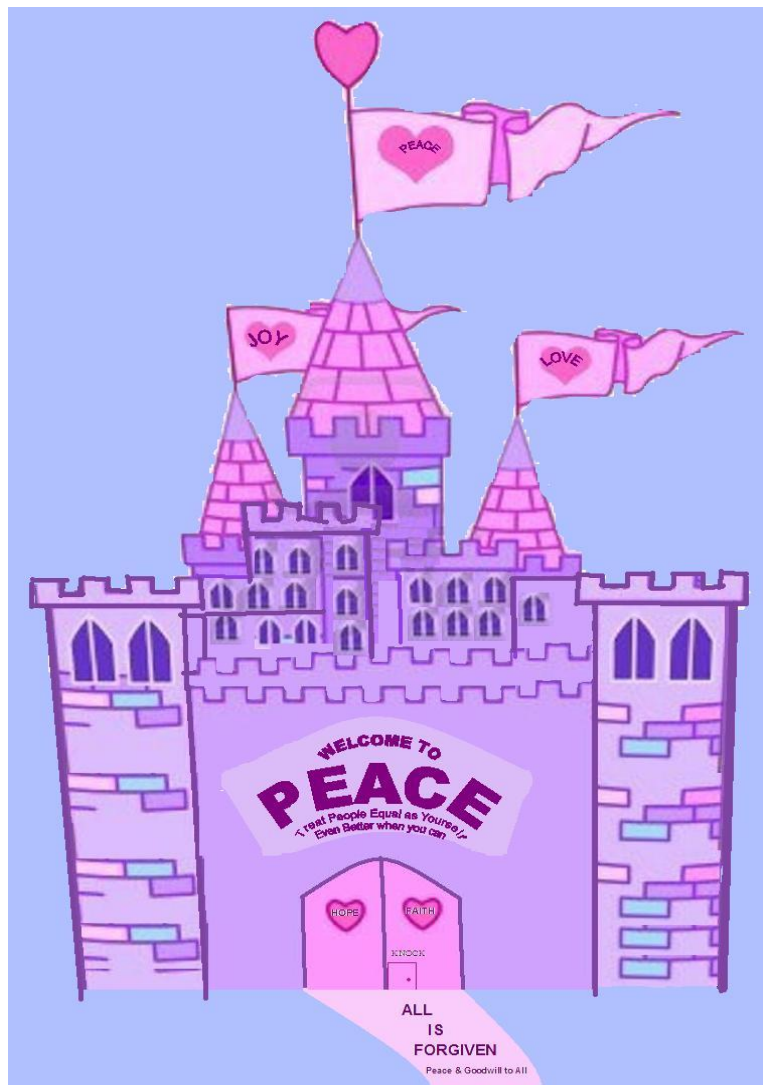

- Hospitality overcomes hostility.
- Consider the hope of better more-so than standing in judgment over right and wrong because better combines while right and wrong divides.
- Stop the brutality. Learning obedience by the things that we suffer is a way of brutality not Peace and is only violence breeding more violence, particularly in light of grace. Mentoring can replace punishment.
- We can learn how not to be offended equally as we can learn how not to offend and play a part in taking away the shortcomings of us all.
- Disseminate further the time tested and well proven eternal law of liberty, empathy and care, our golden rule of western civilizations' truth and grace, meaning, be doing to others as you'd have others be doing to you; treat all People equal to yourself and even better when you can. Listen, learn and be kind.
- An equal opportunity world for all can be achieved through equal opportunity to education for all.
- Change planet Earth's name to Peace, allowing us all to see the beauty of the diversity of Humanity coming together as one giant global Community of Peace by Democratic Law and Order.

Hope Seeks Better

In Humanity's  
Community of Peace  
We All have a Right to Peace.

All can be Citizens of Peace.  
The golden rule will help to build it.

Our Father, who art in Heaven,  
Hallowed be Thy Name.  
Thy Kingdom come, Thy will be done,  
on Earth as it is in Heaven. Give us this  
day our daily bread and forgive us our  
trespasses as we would forgive those  
that would trespass against us and lead  
us not into temptation but deliver us  
from evil, for thine is the Power, the  
Glory and The Kingdom, forevermore  
and for Peace's sake, Amen.

PRAYER SUPPORT

God's Greatest Gift to us all.

A capacity for every individual to be guided through life by God Himself.  
All we have to do to unwrap this most precious of all gifts is to ask God to be your conscience for you giving voice to God within your own brain. Learning obedience by the things that we suffer (punishment) opposes His Gift of Grace. Your mentoring can replace your punishment.

We can learn how not to become offended equally as we can learn how not to offend and play our part in taking away the shortcomings of us all by grace rather than by shame.

Luke 1:79,

"To give light to them that sit in darkness and in the shadow of death, to guide our feet into the Way of Peace."

HOPE  
Better  
Right Wrong  
Colossians 1:12-14,

FAITH  
Better  
Best  
Better  
HOPE

FAITH  
Better  
Best  
Better  
HOPE  
Better  
Right Wrong

"Giving thanks unto the Father, which hath made us meet to be partakers of the inheritance of the saints in light: Who hath delivered us from the power of darkness, and hath translated us into the kingdom of his dear Son: In whom we have redemption through his blood, even the forgiveness of sins."

Faith is what you do with what you believe. What we believe determines our behaviour. Why be right or wrong when simply we can all be doing better. Right and wrong divide while better reconciles because better makes all things new again and never ends because better comes from God.

## Better Opens Opportunity's Door.

Hope asks what's better? Faith says here's how. Will receives an option. Behaviour determined by belief. Action is a choice. Freedom is you get to choose.

BETTER

Wrong

Right

Choosing Better is Choosing Wisely.

ALWAYS THERE IS BETTER

# HOPE

Better opens the door to opportunity by providing us with option. Better is never ending. Faith works through better to best and forwarding through to better again, from better to better and on to better again. Better is the essence of Hope just as equality is the essence of respect. When we all seek better, better is what we will all get, when better becomes the choice we all choose to choose. Better is better than both right and wrong because right can start the fight as what is right for you may not be right for me and you have to be right before you will fight and once right many will and do fight. Better is also better than wrong because wrong so often translates into the "lesser" and an abuser will only abuse those the abuser considers as their "lesser". So better is better than both right and wrong because better combines while right and wrong both divide. We can do better than living our lives in the judgement of right or wrong. We can live our lives in the hope of better instead. Better can bridge the gap between that ever-growing great divide between right and wrong reconciling them both with hope, the better hope of the hope of better. Hope inspires with better so better is better than both right or wrong because better has no end, there is always better. Better is always better because better goes on in progression forever better.

Peace is Heaven's Name Meaning, Will and Glory.  
God's Holiness has been granted unto us all and that by God.

## The Gospel of Peace.

Jesus is our Saviour King of Peace. Lord of all that be.

**Mentoring replaced punishment.**  
Peace And Goodwill to All.

**M7-12**  
Heaven on Earth

An Aussie Perspective.

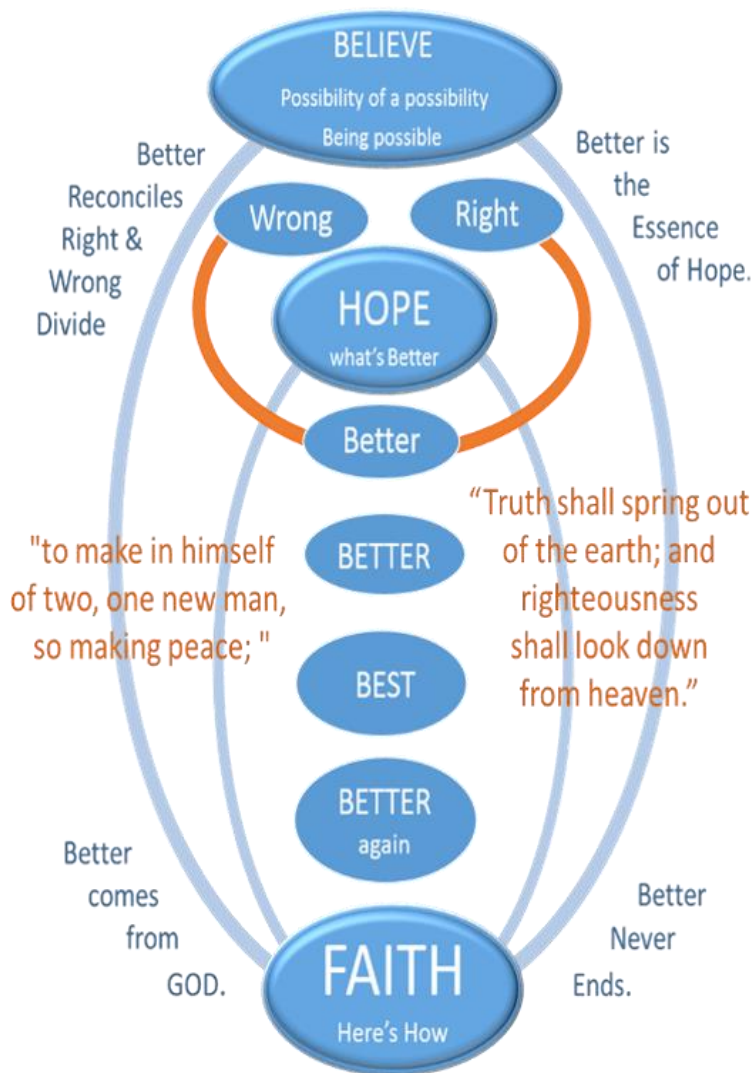

**The God of Peace has a Peace that is greater than any human peace.**

The Peace of God surpasses all understanding. Violence is satanic and opposes Peace. Discrimination is of the devil and opposes Equality. While self-interest is an evil of greed and opposes Community. Learning how not to become offended equally as we learn how not to offend is learning war no more and helps in taking away the shortcomings of us all. Establishing that peace amongst men is more than possible, indeed already done living in hope more so and rather than standing in Judgement over right and wrong, for right and wrong divide while better reconciles, thus is to make in oneself of two one new person, so making peace. Mentoring replaces punishment leading by example. All have access because all can forgive as we ourselves have all already been forgiven, forgiven for not knowing what we do, for the Way of Peace we have not known, lost but now is found, Grace. And with this new found forgiveness comes the opportunity for all to do their best by seeking better and that resulting betterment, better for all by all, as all are one under Heaven as All are Children of The Most High God. Hallelujah! God is no respecter of position but more the respecter of Faith, the doing with what you believe, for what we believe determines our behaviour and what many believe many will do. We are not only personally responsible for the consequences of our own actions but also we are personally responsible for the beliefs that we hold that get us acting the way that we do. Peace is better than war. We will be eternally accountable for who or what we allow to sit on the diadem of our own conscience, individually and collectively in this our Free and Democratic world in which we now live served and serving the Golden Rule so well. Ask God to be your conscience for you, giving voice to God within your own brain, trusting more that eternally infinite knowing voice inside. God is a good God and Loves us all.

**The Kingdom of Peace is within you.**

## Peace

The workings of Love  
Resulting in Joy.

## Better Lives

Significant influences of higher value to community.  
More caring. More wealth creation.  
Better safer community.

- Hope - There is always better. Better together. Better tomorrow. Better for all. Life is more than being right. Think. choose. and behave: better.
- Ask your God to be your conscience for you. Then you can trust the voice within. Love life unto Life and not unto the death.
- Forgive, work hard, and remember the poor. Learn how not to become offended as well as not to offend. For we know not what we do, but can take responsibility for what we believe. For what you believe determines your behaviour. All are forgiven. All can forgive. All have access.
- Listen to understand and to hear more. Listen to gain, more another's perspective. Listening is the beginning and the end, of relationship.
- Be friendly. Appreciate, care, and respect, as you yourself would want to be appreciated, cared for, and respected.
- Be careful. Exercise patience, and abstain from fighting. Serve, as you would want to be served. Wait, for what is meant to be will be, as what goes around comes around.
- Rest in Peace. Your smile is your greatest weapon of mass destruction against violence. You can live free from offense by staying in Matty 7:12. The non-judgmental, non-discriminatory, non-prejudice, non-violent way of Peace. Stay Calm.

Peace is better than war. And world peace is more than possible. It's achievable. It's a global choice of choosing better for all. Peace is as close as our smiles and Hope, Trust, Forgiveness, Understanding, Appreciation, Participation and Rest, these are the effective weapons we have at our disposal in the war against violence, in the battle abstaining from fighting and helping us to choose instead victories for care. Pray for better, pray for Peace.

## Kindness + Truth

There is always a better hope on offer and hope leads us closer to God, and the revelations found in that better hope lead us on into faith, and faith, to the bringing into manifestation, the evidence of things not seen, and the substance of things hoped for. And if a faith, a faith unto who other than The Living God of All Creation, The Holy Spirit of God who promises to lead us all into all kindness and also into all truth, which is to say Love.

Peace is the workings of Love resulting in Joy.

Sometime around the beginning there were two trees.

Is Humanity still in the wrong tree?

## Think Better Get Better

### The Golden Rule Rules.

Rediscover Grace. Relationship is more precious than regulation and more powerful than any formula. Mentoring can replace punishment & help is better than harm. Example more worthy than coercion or learning obedience by the things that we suffer. Humanity has suffered enough. We can live by virtue having an integrity to conscience and be spirit-guided rather than burdened by having an integrity to script and guided by the letter of the law. Ask God to be your conscience for you. Faith is what you do with what you believe and what you believe will determine how you act. Behaviour is determined by belief and what many believe many will do. Hope asks what's better? Faith says here's how. Seek Peace in all that you do & be doing Peace (Goodwill) in all that you seek right and wrong divide while better combines so making Peace.

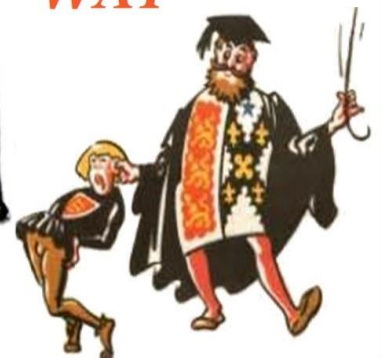

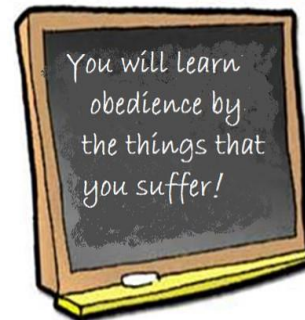

*Re-invent the wheel.*

*Day of Peace*

*Treat People equal to yourself  
Even better when you can.*

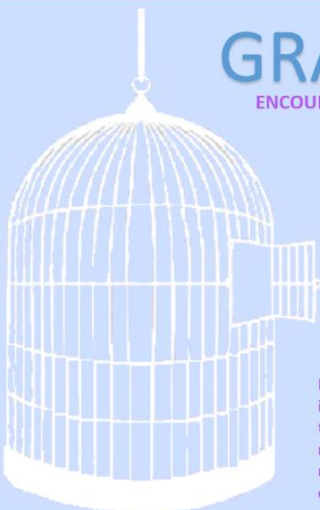

## YESTERDAY'S WAY

GRACE IS FREE

ENCOURAGEMENT MORE THAN PUNISHMENT  
EDUCATION BETTER THAN FORCE

Learning obedience by the things that we suffer is yesterday's justice. A false philosophic cage that only delivers more suffering, more pain and more violence into our world and is significantly more harmful than helpful in light of training by example.

Equal opportunity for all is our Peace.

**Lest We Forget**

The Golden Rule of Peace.
