

The Ministry of Reconciliation is another name for Jesus' Church

We can be born again yet still need to renew our minds, and to the renewing of our minds is the life long journey we embark upon, and enjoy along the way, from the selfishness of war by nature to the kindness of Peace in Spirit, a better natured Person endeavouring on, to keep the unity of the Spirit in the bond of Peace. Learning obedience by the things that we suffer is a flawed religious philosophy that opposes grace and yet is upholding most of our violence in the name of punishment, which in turn is making the use of violence and coercion systemic. Violence is the opposite to Peace. Peace is inspired not imposed. Self-righteousness is at the beginning of all violence, so getting rid of the self-righteousness and we get rid of the violence, because we have to be right before we will fight. We can instead be learning how not to become offended, equally as we already learn how not to offend, for where there is no offence, no sin, then there is no war and thus the significance of grace. The Ministry of Reconciliation is another name for Jesus' Church, as is His Bride, and all Church members or citizens

of Peace are ministers of reconciliation and all can put their trust in God's better way to achieving Reconciliation, gaining a better heart and the renewing of our minds 'For to make in himself of twain one new man, so making peace.' Better unites in the new while right and wrong continue to divide the old. When we want to leave the old sin nature behind than we have to come out of the devil's tree. Right from wrong is in the flesh while better is of the Spirit. We can put on the helmet of salvation and gain the ability to change our minds. We can move from the old, right from wrong considerations into the new considerations of better and by nature improve, glory to Glory. Better makes all things new again. Humanity can come out of the shadows of right from wrong, out into the light of better. Out of judgement and into Hope. We can leave the old school of thought behind. We can come out of the old tree in the midst of the garden, the tree of the knowledge of good and evil where we think that we are qualified to judge right from wrong, and instead be living better in the new school of thought in the better tree in the midst of the garden, the tree of life that Jesus has opened up to all Mankind. Better is better than both right or wrong, producing a better new person. Better frees us from the chains of right from wrong that have bound us since the beginning. That's reconciliation in a nutshell. As with a peanut where two are sustained in one, better can inspire a reconciliatory structure,

new and improved, supportive of both, that in turn, both are supportive of. In contribution to the new the two become one together. Leaving right from wrong behind, we can live in hope and receive freely from God revelations of better which lead us on into faith. A promise of hope leading to faith and of faith leading to manifestation and the fulfilment of our aspirations and our heart's desire. There is always a better hope on offer and hope leads us closer to God, and the revelations found in that better hope lead us on into faith, and faith to the bringing into manifestation the evidence of things not seen, and the substance of things hoped for. And if a faith, a faith unto who other than The Living God of All Creation, The Holy Spirit of God and Jesus' promise to be led into all kindness and also into all truth, which is to say Love. His Kingdom Come and His Will Being Done, His Spirit pouring out. Being willing to alter the traditional equation of consideration from only considering right from wrong, to also to include better as well, opens the door to the option of better new thinking, opens the door to all sorts of better new opportunities and potential, indeed an entire new way of thinking, in Hope, rather than by judgement. Peace is His Kingdom Come and Grace His Means for us to achieve it. Jesus has already opened up the tree of life in the midst of the garden and made it available to all Mankind to be born again of Peace, born again of better thinking, born again of grace, born again of faith and born again of Spirit, Hallelujah, and for those that would believe we are already made Holy through the Blood of Christ, personal communion with God already made possible, the capacity to hear from and be guided by God individually, personally, and collectively, is already available to us all, and therefore Peace and Grace multiplied and developed further into Love Everlasting, Amen.

For Jesus is our Peace, our peace, our language, our speech, our comings and our goings because His Peace He left with us all, to enjoy Life abundantly in accepting and adopting the good news of Jesus' Kingdom of Peace and His Grace toward us all, Hallelujah. Jesus' Kingdom of Peace is already within you, and my prayer is for more to identify more as fellow citizens with the Saints and come Home into His Peace, for all is already forgiven thanks be to Christ. Jesus completed His Mission Statement "Peace and Goodwill to all Mankind" and so may He complete that what He began in us all, Peace and Grace in The Holy Ghost.

Being willing to alter the traditional equation of consideration, from only considering right from wrong to also include considering better as well, we receive the gift of hope, open the door to new opportunity and the possibility of a better world for us all, peaceable and kind, rather than brute and rebel, coached and guided more so than victimised and punished. Education is better than indoctrination.
